- Notes:**
- Hepatitis A case counts include patients classified as confirmed and probable cases.***
 - Event date is generated based on the availability of data in the following order:
(1) illness onset date; (2) specimen collection date; (3) date of report to public health agency.***
 - Rate is calculated per 100,000 population. The population denominator is based on US Census Population. Rates are based on 2008-2009 census projections and 2010 census data.***
